

Oldham Photographic Society - Competition Rules

Definitions

Medium (pl. media) - In the context of these rules two **media** are referred to: **projected images** (i.e. slides or electronic images) and **prints**.

Documentary - An image of which the primary purpose is to convey factual information. The documentary category therefore includes, but is not restricted to, record photography (e.g. architecture, astronomy), photojournalism, sport.

Natural History – L&CPU Rules

Portrait - An image of one or more human beings or other animals which conveys something of their character(s).

Landscape - An image of any part of the surface of the earth of significant area. The landscape category therefore includes, but is not restricted to, natural scenery, seascapes, industrial, rural and urban landscapes.

General - The General category is for any image that does not belong in any of the other three categories.

General Rules for all Members' Competitions

1. There must be a minimum of two entrants to form a competition.
2. In the event of any doubt as to whether any entry complies with the rules, the decision of the Council will be binding.
3. The original image(s) must be made photographically by the entrant.
4. In all categories except **Documentary and Natural History**, any process may be used to produce the final image, but the finished work must not incorporate images or elements produced by anyone else, except where these are incidental, e.g. posters in a street scene.
5. In the **Documentary** category any retouching or processing must not alter the truth of the photographic statement depicted in the original image.
6. An image may not be used if substantially similar to one used previously in the same OPS competition in the same medium.
7. Substantially similar images may not be used in different media in the same OPS competition.
